

BOW VALLEY RESOURCE

Including Arrowwood, Milo, Queenstown, Shouldice and Mossleigh

Volume 3, No. 38

ARROWWOOD, ALTA., MAY 10, 1934

Subscription \$2.00, U.S.A. \$ 50

Baseball Club's Annual Sports Day Friday, June 1st

The Arrowwood Baseball Club is making plans for their Annual Sports Day, to be held this year, Friday, June 1st. Four strong baseball teams will supply the baseball and the usual other features will be held. A big dance with Eddie McLean's Orchestra in attendance, will climax the day's activity.

Special Announcement to All Members of the Marquis Athletic Club

List of Sport Events for May 20th, 1934

1. Boys' 100 yard Dash
2. Girls' 75 yard Dash
3. Boys' 220 yard Dash
4. Girls' 220 yard Dash
5. Boys' High Jump
6. Girls' High Jump
7. Boys' Running Broad Jump
8. Girls' Running Broad Jump
9. Boys' Hop, Step and Jump
10. Girls' Hop, Step and Jump
11. Girls' Relay, 4 runners, 100 yards each
12. Boys' Relay, 4 runners, around the track, 220 yards each
13. Girls' Basketball Throw
14. Boys' Half-mile Race
15. Girls' Softball and Basketball
16. Boys' Softball and Basketball
17. Elimination games will start at 10 a.m. sharp. All teams must be on hand if they wish to enter. No team arriving at dinner time or later will be able to enter.

Come early please, so that all events can be staged.

Don't forget the dance in the Oddfellows Hall, in Milo, after the big sports program.

Jack Hushell, Sec. Treas.

Church of the Brethren Note

Honor your Mother by going to Church somewhere next Sunday, Mother's Day.

Special arrangements are being made for the observance of Mother's Day at the Church of the Brethren next Sunday. Sunday School, Morning Worship and Evening Service each will contribute its part in giving due honor to motherhood.

Last Sunday evening the congregational singing was especially enjoyed. All the hymns sung were composed by Fanny Crosby, who was blind for ninety-five years and composed eight thousand hymns. Several young women spoke, giving the record of her life and the stories of several of her hymns.

Shouldice Waves

(Too Late for Last Week)

Last Friday, April 27th, a very interesting game of softball took place between the Dunreese and the Shouldice players playing on the Shouldice diamond. There was much excitement throughout the whole game, especially when Bill Zurechikoff, Dunreese, hit a home run. Nine innings were played but the first two counted nothing for Shouldice. Dunreese were ahead until the third inning when Shouldice scored several runs. Two good flies were caught in the field by Ida Williams and Edna Harp. In the end the Shouldice players had scored 16, Dunreese 14, but everybody had enjoyed the game.

Shouldice—P. Platinin p., J. Verigin c., Edith Harp 1b, Edna Harp 2b, Ida Williams 3b, N. Platinin ss., Doris Harp ss.

Dunreese—P. Anatoschkin p., P. Benderoff c., H. Vanell 1b, Mabel Deakoff 2b, P. Tamelin 3b, Bill Zurechikoff ss., P. Verigin ss.

Seeding is about 95 per cent finished in the Shouldice district and a lot of grain is up. The splendid rain of the last few days make the crop prospect look very encouraging.

Miss H. Kennaugh spent the week-end at the home of Mr. and Mrs. J. W. McRae.

Mr. W. H. Mowatt was a visitor in Shouldice on Sunday.

Several people of the Shouldice district attended the ball game in Queenstown Sunday.

Mrs. A. B. Smith spent several days last week in Cardston, Alta.

Mr. and Mrs. McKay of Calgary, spent a little while Sunday at Mr. and Mrs. W. F. Leadbeater's home.

P.T.A. to Meet at the Teacherage

A meeting of the P.T.A. will be held at the Teacherage on Monday, May 14th, at 8 p.m. It is requested by the Executive that members interested in a picnic for the children at the river this summer, be present, as it will be decided at this meeting, whether this annual treat for the Children will be able to be put over or not.

U.F.W.A. Met at the Home of Mrs. Milt. Henry

The last meeting was held at the home of Mrs. M. Henry on May 2nd. The roll was answered by giving names of famous members in remembrance of Mother's Day. Minutes were read and accepted and correspondence considered. The U. F. A. paper is to become a weekly, beginning with the May 25th issue. Anyone subscribing to the paper automatically becomes a paid up member to the U. F. A. or U. F. W. A. also any member of the organization gets the paper. The rate is the same, one dollar per year. The new name will be "The United Farmer".

The U. F. W. A. conference will be held at Milo, May 22nd and all are urged to attend. All ladies desiring to go please leave name with Mrs. Leith and all who are taking their car who have room for others also notify Mrs. Leith or Mrs. R. E. Williams and arrangements will be made for transportation.

Mrs. Ross, vice president of the U. F. A. and Mrs. Haynes, instructor in dramatics from Edmonton, will be guest speakers. All members are urged to enter handicraft exhibits. Mrs. Pinkerton gave a splendid talk on the subject "Crime" Are mothers responsible for the crime of today? Steward Harry gave two piano numbers while the hostess served a dainty lunch. The next meeting will be held May 10th, at the home of Mrs. McRae—Shouldice. Mrs. R. E. Williams assisting. All are urged to be present.

Queenstown Items

Don't forget the banquet and dance at Queenstown on May 11th.

The Queenstown softball team played a practice game in Arrowwood last Thursday evening. Arrowwood were the winners. Never mind girls—better luck next time.

Mrs. H. White is visiting in Calgary for a couple of weeks.

The baseball dance at Milo on Friday the 4th almost turned out to be a Queenstown dance. What's the matter Milo?

At the W. I. meeting on Thursday at the home of Mrs. Land, Miss Pearl Soli gave a demonstration on making wool cushions.

Everybody was very sorry to hear that Mr. and Mrs. Van Orsdel had their home burned down. They lost practically everything.

During the summer months service will be conducted by Mr. Perry in the Queenstown United Church, every Sunday, at 12 o'clock noon.

Seeding is practically finished in the Queenstown district and everybody is hoping now for a good old fashioned rain storm.

The Woman's Association of Gleichen United Church invites you to a Mother's Day Empire Tea, at the Eventide Home on Saturday, May 12th, at 3 p.m.

Banquet in Aid of the Queenstown Base Ball Club

A banquet, sponsored by the Queenstown Jr. U.F.A., in aid of the Baseball Club, will be held on May 11th, at 6 o'clock. Tickets are on sale at 25c each. A dance will be held in the evening in the Community Hall, music by the Nanton Orchestra.

Mother's Day at the United Church

Sunday, May 13th, is Mother's Day and will be observed the world over. A special Mother's Day program has been prepared by the Arrowwood United Church Sunday School. The classes will meet at the usual hour, 10:45, for the distribution of paper, etc., and at 11:30 they will assemble with the congregation, when the following program will be presented:

1. Instrumental Prelude.
2. Holy, Holy, Holy.
3. Invocation.
4. Hymn.
5. Reading—"Jesus and His Mother's Journeys and Struggles."
6. Song by the two primary classes during the Offertory.
7. Story—"Search for the Beautiful," by Clara Service.
8. Special—Choir.
9. Special—Hymn, Rev. V.M. Gilbert.
10. Hymn, No. 4.
11. "Somebody's Mother," by Grace Board.
12. Special Hymn—Margaret and Lorna Richards.

Pagant: "What Makes the Difference?"

"Mother's Day" will honor the lovely and obscure as well as of the rich and great. It will honor the living and the dead. A white flower will be worn in memory of those mothers who have passed on. A red carnation or other flower will be worn for the mothers who are still living.

We are very pleased to report that the condition of Mr. Q. Hollinger, who is a patient in the Holy Cross Hospital, Calgary, is showing signs of improvement.

The draw for the articles for a hope chest and a cake and cake stand took place at the picture show last Thursday evening. Mrs. G. Jones drew the lucky ticket, No. 86, for the articles for the hope chest and Mrs. McKinney won the cake and cake stand with No. 43. The proceeds were in aid of the Sunshine Fund and amounted to \$7.95. Articles of old clothing would be welcomed by those in charge. The date of the draw for the doll will be announced later. It costs only 5c a chance.

Baseball Notes

Carseland 3-A.H.S. 23

Playing snappy spectacular baseball the Arrowwood High School excelled any previous performance Saturday evening last when they batted Jack Ainslie's offerings all over the lot to win over the Carseland Junior team 23-3. With every player contributing his part to the victory. The local team made but two errors, hit consistently and provided the fans

(Continued on page 4)

Arrowwood Notes

BOR4—At Mrs. Lewondon's Nursing Home on Saturday, May 5th, to Mr. and Mrs. A. Suitor, of Queenstown, a son.

Born—At Mrs. Lewondon's Nursing, to Mr. and Mrs. Frank Burger, [on Wed., May 9th, a son.

For Sale—Parebred Barred P. Rock Hatching Eggs, 1c each. Apply, Vaughan Allan.

The weekly Saturday night dances at Mossleigh commenced last week. There was a good attendance and the music was fine.

Mr. A. J. Troy, of Mossleigh, was a visitor in Arrowwood on Tuesday.

The W.A. of the Arrowwood United Church met at the home of Mrs. T. T. Williams, yesterday afternoon.

Don't fail to see the new serial "The Phantom of the Air" at the picture show tonight. It started last week and promises to be very popular. It provides plenty of excitement and carries a good plot. The main feature of the show will be, "Going Hollywood" with Marion Davies and Bing Crosby.

The W.A. of the United Church will hold a lawn social at the home of Mrs. Mackie, on the evening of June 9th. Further particulars later.

P.T.A. members are urged to attend a meeting at the Teacherage on Monday night, May 14th, at 8 o'clock. It is hoped there will be a full turnout of members as it will be decided whether or not a picnic be held for the children.

Mrs. Clifgard and daughters, Misses Lila and June, went to Husar last Friday to attend a High School banquet given in honor of Grade 12 graduates of 1933. This was the first Grade 12 to graduate there. Miss Lila Clifgard was one the graduates.

The sympathy and kind wishes go with the Baker children, Howard, Norman and Marjorie, as they go to their new home in Nebraska. They left with their aunt, Mrs. Kraeger, last Sunday afternoon for Mynard, Nebraska.

They will be well cared for. We hope they will find much happiness in their new surroundings, although we regret the sad occasion which so suddenly broke up their happy home.

Mr. Kiser is busy making the preparations for the sale but has no definite plans for the future.

Saturday Night, May 12th, is Guide Night

Saturday night, May 12th, is Guide Night. Everybody welcome! A demonstration of Tenderfoot work, knot-tying, drill, etc., will be given by all the girls on the first part of the program, also a short period will be devoted to the Brownie work. The rest of the evening will be given over to a display of First Aid work by the Junior class of St. John's Ambulance Association, under the supervision of Miss Lila Clifgard. To be held in the school basement at 8 p.m. Admission 10c.

SOFT BALL

The Arrowwood girls matched their strength against the Queenstown ten in a hectic battle here last Thursday. The game was chock full of thrills, spills and hair-breadth escapes. The local girls showed their superiority at the bat and the effective hitting gave them the game by a wide margin. The game was interesting throughout and though Queenstown played a losing game, they were plucky and threatening to the end.

The Teams

Queenstown: Agnes Rubbelko, Hilda McCallum, Pearl Soli, Louise Rubbelko, Margaret Rubbelko, Nellie Asselstine, Ruth Phillips, Dorothy Mallett, Grace —, Clara Nelson.

Arrowwood: Dorothy Brown, Mary Dumka, Ruby Hall, Audrey Ward, Shirley Ward, Edna Beagle, Evelyn Burris, Irene Hesko, Vera Hesko, Hazel Taylor.

More Than 65,000 Scouts in Canada

Steady growth of the Boy Scout movement in Canada was reported at the annual meeting of the Canadian General Council of the Boy Scouts Association, held at Ottawa on Friday under the chairmanship of the governor-general, chief Scout for Canada.

The year just ended was an active one owing to the special relief activities of the organization which saw nearly 10,000 more than 65,000 boys and leaders.

Postponement until next spring of the visit to Canada of Lord and Lady Baden-Powell was confirmed, and plans for their entertainment previously made were carried over until next year.

On Monday afternoon the pupils of Grades 1, 2 and 3 enjoyed a nature study hike to Vanell's coulee. On their return they were taken to Board's Ice Cream Parlor and treated to ice cream by their teacher, Miss Andrews.

ARROWWOOD THEATRE

Thursday, May 10th "Going Hollywood"

With Marion Davies and Bing Crosby

Second Episode of the Serial "Panthom of the Air"

The Usual Comedy

8.30 p.m. Adults 35c. High School Students 25c. Children 15c

Thousands Miles An Hour

Astounding Things Predicted By Sir Charles Kingsford-Smith

Whirling through the stratosphere at well over a thousand miles an hour in the hermetically-sealed cabin of a giant air-liner, guided entirely by wireless control stations on earth—can you imagine the possibility? Sir Charles Kingsford-Smith, hero of the recent record-setting flight to Australia, believes this is not only possible, but likely. In an astonishing vision of aerial development within the next fifty years he foresees air travel brought to such a pitch that ships and railways will become semi-obsolete, their sole use being as carriers of heavy freight.

"There will be no human pilot, but gyroscopic control," said Sir Charles. "The huge flying liners which will move through the stratosphere at a uniform speed of 1,200 miles an hour, carrying 100 passengers in their luxurious cabins, will be fitted with super-efficiency, super-charged engines and variable pitch propellers."

"Risk will be negligible. Each plane will have twelve or fifteen engines, all in the event of one cutting off, the officer in charge will simply detach that engine from the propeller while the mechanism repairs it en route. Crude oil will probably be used as fuel."

Actually, to accomplish the amazing speed of which Sir Charles speaks we do not require more powerful engines than some already have. The atmospheric density 60,000 feet above the earth is about a quarter of what it is here, so that an engine, which under normal conditions to-day attains a speed of 350 miles an hour, would hurtle through the rarefied atmosphere at 1,400 miles an hour.

PRICES RISE BUT

TEA STILL MOST

ECONOMICAL

Three years of disastrously low prices for tea finally gauged the market and action has been taken. Prices were formed a few months ago when the housewife will have to pay slightly more for her favourite beverage. Finest teas such as "Salada" still produce about 5 cups for a cent.

Rich Collection For Museum

R.C. University Receives Rare Specimens From Dr. Fraser

The University of British Columbia will be enriched by a collection of hundreds of species of marine life, many hitherto unknown to science as a result of an 4,500-mile cruise through the south Pacific by a scientific party of which Dr. C. McLean Fraser, professor of zoology, was a member.

Dr. Fraser returned to Vancouver after an absence of three months. He declared that the expedition involved the most romantic and hard work. He expects the discoveries made in the comparatively virgin scientific field off the coast of South America will have important bearings in the study of marine flora and fauna.

Specimens collected ranged from snakes and monkeys found on shore to sea serpents, brilliantly tinted "angel" fish and crustaceans. Dr. Fraser, being a world authority on a minute form of sea life known as hydroids, brought back a large number of formerly unknown types for the university museum.

A Double Naturnism

New Flower Developed By Successor To Luther Burbank

A double naturnism that "looks like an azalea and ranges in color from lemon yellow to scarlet," has been developed at Palmdale, Calif. It was created by David Burpee, who has continued the work of Luther Burbank in developing new varieties of plants.

The new flowers have attracted considerable attention at the recent local flower show where they have been called "the poor man's orchid."

Teaching "Jiu Jitsu"

Miss Dorothy Curtis, recently returned from Japan where she has been teaching school for three years, has enrolled for her final year at the University of Wisconsin. In order to help pay expenses, she has organized a "Jiu Jitsu" class for girls. Miss Curtis, proficient in the art herself, says she has some promising students.

First book printed in America was the "Ecclesiastical of San Juan Cuzco," no copies are known to be in existence.

Marvels of the Human Eye

By F. M. CROWE, Optometrist-Optician, Calgary

NO. 11.—THE EYE IN ITS RELATION TO HEALTH

The eyes are large factors in our health and efficiency. Since Nature allot to each organ its proper share of our total nerve energy, it follows that if defective eyes use too much, other organs suffer a shortage, leaving them too weak to carry on their duties properly. Hence we often suffer ill in other organs, while the primary cause is to be found in the eyes.

The eye is the most wonderful of the five special senses, extremely sensitive and delicate and very easily thrown out of adjustment by overwork or abuse. A tired body or limb is given rest but the eye which has shared the general fatigue of the body is often required to go on working long after the work of the day has finished and to not imagine that close work, like reading, is the only time when the eyes are working and using nerve power every moment they are open.

The possibility of preserving human energy by correcting eye defects is greater than by any other means. These defects are usually due to the eyeball being imperfectly shaped or the muscles surrounding it constantly trying to overcome three defects in the internal refraction. The resulting strain can only be relieved by wearing correcting lenses.

It is not good for even normal eyes to concentrate too long on reading or sewing. Make it a habit to "look off" periodically for a few seconds and thus allow the muscles to relax and restore their nerve force. Avoid shadows and glossy paper as much as possible. Do not permit the light to shine into the eyes but rather on the book. Reading lying down is injurious. Hold the head erect with your work fourteen or sixteen inches from the eyes. It is harmful to continue at close work if the eyes smart, water, ache or blur, as these are some of nature's warnings that there is trouble ahead. Have your eyes examined by an expert and know their condition.

To Be Continued

Historic Treasure Prized

Old Sword Once Flashed At Battle Of Waterloo

An historic sabre that once flashed in battle under the colonel of King Louis XVI, of France is a rare highly treasured today by Auguste de Tremadant, who was established at Montreal, Quebec, 2893.

It is the sabre of Baron de la Villabau, Tremadant's grand-uncle, who was breveted lieutenant by Louis XVI in 1785. The hero took part in all the campaigns of Louis XVI, including those of Napoleon on the march to and from Moscow, the battle of Waterloo and the defeat of Bonaparte. He died in 1836 and the sabre passed on to Tremadant.

The 62-year-old pioneer of this little village migrated from France in 1873 and established his home at Chateaufort, Chateaufort county, Quebec. He moved west 20 years later.

Light Refreshments

Police Of New York Evicted Heavy Appetites

New York's "Finest" may not be either wealthy or wise but they are certainly healthy, judging from the recent exploit of 6,000 policemen.

On a special occasion these "Cop-pies" were feasting, judging from the list here is what they are reported to have eaten: 3,000 grapefruit, 1,200 pounds of oatmeal, 24,000 eggs (scrambled), 2,500 roast chicken, 4,500 pounds of potatoes, 12,000 sausages, and 1,000 pounds of sugar.

This light snack was washed down with 800 gallons of coffee, 800 quarts of milk and 1,250 quarts of cream.

If the reader chooses, he can figure out the exact share of the average policeman for himself.

School Age At Eight

Children should not be permitted to go to school until they reach the age of eight, in the opinion of Dr. Laurence P. Folsom, president of the New England Council of Optometrists. "The eyes of the human being," he says, "do not reach the state of maturity until the child is eight years of age, and much of the subject of the children in the classroom should be avoided to insure healthy eyes among the future generations."

About two-thirds of the road mileage in the United States still rates as "unimproved."

The Caspian sea is the world's largest inland sea.

Auction Sale Today

See ad elsewhere in this paper announcing a public auction sale of the farm stock, implements and all household effects of the late Mrs. Jessie M. Kiser, on Thursday, May 10th, at 1 p.m. sharp. The sale will be held at the farm, sec. 34-19-23, 54 south and 14 mile east of Arrowwood. This will be a cash sale and everything must be sold as the estate will be wound up. Mr. T. H. Beach of Gleichen will be the auctioneer.

What Scouting Is and Does

Before becoming a Scout, a boy, in the presence of a Scoutmaster and other Scouts, takes this pledge.
 On my honour, I promise that I will do my best—
 To my duty to God, and the King.

To help other people at all times.
 To obey the Scout Law.

"On my honour" . . . this is the cornerstone of Scouting. Where properly led, ninety-nine per cent of the boys try their best to live up to it—with all its far-reaching results in character-making during of a boy's life. If a Scout says a thing is so, it is so. If you give him a task to do, he will do it to the best of his ability. He is on his honor, as a Scout.

The practical aspect of Scouting. Of its ten sections the one most frequently emphasized. This is the "Good Turn to Someone Every Day." The other laws in this Code of Honor require a Scout to be Trustworthy, Loyal, Friendly, Courteous, Kind to Animals, Obedient, Cheerful, Thrifty, and last, but by no means of least importance, Clean in Thought, Word and Deed.

In many cases Scouting discovers to the boy his life's vocation. When a Second Class Scout he may begin working for the first six of a long series of Proficiency Badges. As he goes on with his study he acquires an elementary but practical knowledge of such subjects as Surveying, Gardening, Bookbinding, Prospecting, Plumbing, Telegraphing, Wire-
 less, Music, Photography, Dairying, Farnish, Mining, Metal Working, etc.

The diffident boy develops initiative and self-confidence. The selfish boy learns

The
Red & White
 Store
 Will Sell
Red & White Bread
 Commencing
Sat'day, May 12
"It's Different"

thoughtfulness for others—through the "Good Turn Every Day."

The boy of wealthy parents and the poor boy discover their common ground and worth. The disrespectful boy learns respect and courtesy.

The over-confident, self-assertive or overbearing boy adjusts himself to others' rights.

The city boy acquires a real knowledge of Nature Laws and Woodcraft—with all its benefits to health and mind.

Scouting is strictly non-sectarian in principle and character. Its program, however, may readily be used as supplementary to that of any church or other religious body. A large percentage of Scout Troops are connected with churches, these being of all denominations.

Baseball Notes

with everything baseball had to offer. Leroy Richards, star south-paw hurler, pitched excellent ball for A.H.S. and allowed only a few scattered hits, while John Irwin on the receiving end gave a credible account of himself. In the first inning Cole, of Carseland, hit the first ball to deep left field, for a three-base hit, scoring later in the inning. In their half of the inning Arrowwood bats were firing hits to all corners of the diamond and the locals all had a turn at bat to score 7 runs. Carseland, although an older group of boys, showed the lack of practice and were outplayed in every department of the game. Jack Ainslie, an ex-student of the Arrowwood High School, pitched the first five innings for Carseland, but from the outset it was evident that his assortment of curves could not stop the barrage from the Arrowwood bats. Norton, playing the keystone position for Arrowwood, featured in the double play of the game and had a big night at bat, scoring five runs out of six times at bat.

Teams
 Carseland—Cole B. Ainslie, Moore, Woodrow, Parks, Cole C., Giles, Forrester, Brown.
 Arrowwood—Norton 2b, N. Dumka 3b, J. Dumka 1b, Cary I.F., Irwin c., Scott r.f., Vancil s.s., Richards p., Beagle c.f.

Score By Innings
 Carseland — 1001010 3
 Arrowwood — 705722 x 23

Arrowwood 3-Queenstown 8

The Senior baseball team of the town made its first appearance of the year Sunday afternoon and met defeat at the hands of the Queenstown nine. Leroy Richards, local High School pitcher was in the box for the Arrowwood team at first and gave a favorable account of himself again, allowing only a few scattered hits. The Queenstown batters found little difficulty in hitting the offerings of Francis Mason and costly errors enabled them to take a good lead. Poor base running, erratic fielding, and untimely hits were largely responsible for the downfall of the locals.

Arrowwood team — Richards p. Mason 3b and p. Archambault

c. Dumka 1b, McCullough 2b, Vancil ss, Sharpe 3b, Bowman of, Mackie rf, Cary lf.

Midget Baseball

The Arrowwood Midgets were off to a good start this season when they trounced the Gleichen team by a wide margin. The boys played their positions well and were always dangerous when they took their turn at bat. The Anderson battery, Lawrence and Tommy, showed up to advantage against the Gleichen boys.

Although the Gleichen boys were, on the average, smaller than the Arrowwood boys they put up a game fight and were in effect on May 15th, 1934. In the return game the Midgets can expect plenty of opposition. The Team: T. Anderson, L. Anderson, I. Royer, E. Burris, L. Irwin, R. Moss, V. Allan, A. Riddell, M. Burris, C. Cochran and D. Williams.

Early Closing Bylaw

The Bylaw for Early Closing is being drafted and will be in effect on May 15th, 1934. All stores and shops coming under this bylaw must close at 1.00 o'clock every Wednesday and remain closed until Thursday morning, throughout the year, with the exception of seed time and harvest.

Good Work

The village has secured the use of the Municipality's heavy road machinery and are doing some much-needed grading. We believe this will give some of our streets the required drainage and now if the weather-man will assist us with some moisture so that the dirt will pick, it should be a great improvement.

If you are in need of some additional power for your summerfallowing, come in and see what we have in second-hand tractors. We believe we can offer you something worthwhile.

Our new refined tractor distillate is giving satisfaction. Why not try a drum of it and compare it with the fuel you are using.

The users of Autolene Oil may pay a few cents more per gallon than they would for some other oil, but we are confident that the difference is more than made up in repair costs. We carry it in all weights from SAE 10 to 60.

We also have a cheaper oil than the Autolene, so if you are looking for a cheaper oil, we can supply you.

Pressure Gun Grease, Cup Grease and Transmission Grease in any quantity you wish.

What did your boss say when he found out it was triplets?

He promoted me to the head of my department. What department are you in?

Production.
